US
DIES”**

Help for the industry – from the industry

Construction Safety Day

This is one of a series of **free** events run by the industry for the industry, as part of the UK-wide Working Well Together (WWT) campaign.

The aim is to raise awareness of key health and safety issues facing the construction industry, and also to give practical advice on how to avoid risks on construction sites. This event is aimed at apprentices, the self-employed and those who work in small companies in the building trade.

BOOK NOW! As places are limited
