

WEDNESDAY 28TH JUNE

ACCREDITATION WORKSHOP

The route to gaining Accreditation

Find out what is involved, the factors you need to consider, the process, and how your business can benefit from accreditations across various sectors.

Accreditations can help you to develop your business and:

- Win new business, diversify and retain your existing customer base
- Become more productive and cost effective
- Develop service and quality from the assessment process
- Build company reputation externally, protect and enhance your reputation
- Have a positive effect on innovation and productivity
- Comply with business, legal, contractual and regulatory requirements
- Satisfy audit requirements

The workshop will outline the route to gaining accreditation in your preferred standard.

Those attending will benefit from a **FREE** Accreditations GAP Analysis and reduced rates for implementation by RGE Associates. The event is open to **ALL local business.**
