

Sustainable Venues

Welsh Venues Energy Reduction Project – feedback workshop

Earlier this year, we offered Venues across Wales the opportunity to sign up to the Carbon Trust 'Welsh Venues Energy Reduction Project'. We had an overwhelming response and worked with 24 venues – each site benefitted from an energy survey and advice on how to help their customers deliver more sustainable events. Participants included small community centres and theatres, right up to arenas and large academic venues.

We want as many venues as possible to have access to the learnings from this project and would like to invite you to join us at the feedback workshop.

When & where

10:00 – 15:00 (lunch will be provided)

Tuesday 26th November 2013

Kindly hosted by
Wales Millennium Centre,
Cardiff Bay

15:00 – 16:30

Drinks reception hosted by
Creu Cymru – all welcome!

Who should attend?

If you'd like to reduce energy costs at your venue, are interested in becoming a more sustainable venue or would like to help your customers deliver sustainable events, you will benefit from attending this workshop.

Why attend?

- Hear about good practice, headline figures and key themes from the project;
- Share learning and consider potential opportunities for collaboration;
- Discover available support for implementation;
- Participate in an interactive session covering practical ways to make your venue more sustainable - delivered by Positive Impact;
- Visit our mini exhibition, organisations such as WRAP and Creu Cymru will be on hand to discuss any specific queries you may have;
- Take advantage of this rare opportunity to network with other venues of all different types and sizes.
