Wednesday 16th October 2013

Refurbishment - FREE Construction Safety and Health Awareness Day

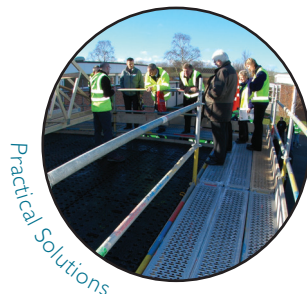

This is an event run by the industry for the industry as part of the UK-wide Working Well Together (WWT) campaign.

It is aimed at those companies carrying out refurbishment work and is part of our ongoing drive to improve standards of health and safety and reduce the number of injuries and health risks to those carrying out this type of work. The Working Well Together group, supported by the Health and Safety Executive, is holding a free seminar for local building contractors in South Wales.

If you have a small building, construction or contracting company, or if you are self-employed then this **free** event is a **must**.

Free impartial advice available from the WWT industry partners.

There is no charge for the event so **BOOK NOW** as places are limited.
