

Agenda

National Museum of Wales, Cathays Park, Cardiff, CF10 3NP
Cardiff University, Bute Building, King Edward VII Avenue, CF10 3BN

Conference includes guest speakers at two key plenary events

- **Day one - Wales and the world – the low carbon arena -**
Prof Phil Jones, Environment Minister John Griffiths and Dr Kevin Bygate.
- **Day two - Prosperity and business in the low carbon sector -**
Prof Peter Pearson, Baroness Eluned Morgan, Dr Ron Loveland and a senior representative of the Chinese Government.

Twenty eight technical / academic sessions run in four themes across the two day conference.

Theme 1: Low carbon policies and public engagement

Theme 2: New and emerging technologies and skills and training for the low carbon economy

Theme 3: Energy supply, low carbon cities and regions, scenario modelling and low carbon futures

Theme 4: Environmental impacts and appraisal with economic costs and business opportunities.

During these sessions research and development across the LCRI's six main research strands of Bio-energy, Built Environment, Hydrogen, Large Scale Power Generation, Marine and Solar PV will be presented by academics, industrial partners and government representatives. There will also be exhibition and academic poster displays. A full programme is available at www.lcri.org.uk, and will be emailed to attendees on registration.
